

## Environmental Policy Statement

### The company is committed to:

Integrate environmental issues into our commercial decision making and ensuring that environmental aspects are fully considered;

Comply with all relevant environmental legislation, regulations and international agreements;

Minimise waste at all levels and in all company activities;

Monitor and implement energy conservation measures, and set targets for energy use;

Encourage recycling and reuse of materials wherever possible;

Seek ways to improve the environmental awareness and performance of the Company's suppliers and contractors;

Inform staff of the environmental aspects of their work and encourage improved environment performance and individual responsibility throughout the company;

Make this policy statement available to customers, suppliers, contractors, regulators, and to the general public on request.
